

How to Clear Cache, Cookies, History and Other Browser Data in Safari

This is the process for removing browser data in Safari.

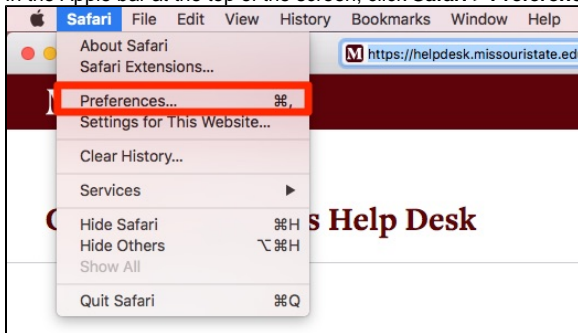

Throughout the process, you might be prompted for a user name and password. If you are, enter the login information for your computer and not your Missouri State account.

Step-by-step guide

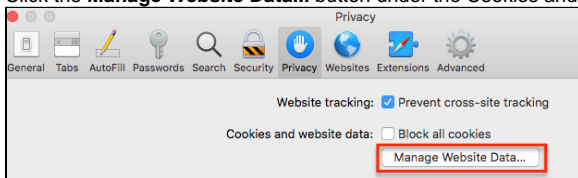

1. In the Apple bar at the top of the screen, click **Safari > Preferences...**

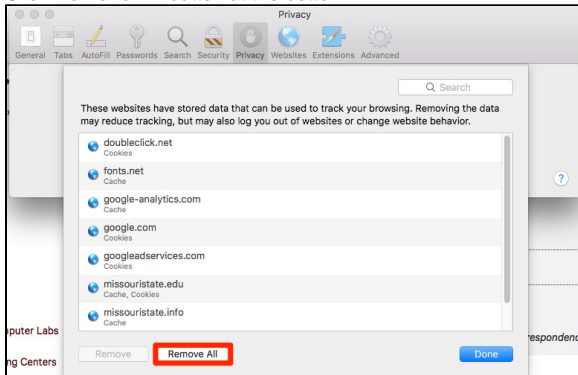

2. Click the **Privacy** button at the top.

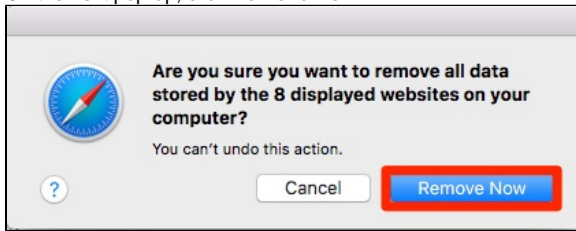

3. Click the **Manage Website Data...** button under the Cookies and website data header.

4. Click **Remove All** button at the bottom.

5. On the next pop-up, click **Remove Now**.

You have successfully cleared your cache, cookies, and other browser data.
